

## **The School:**

The **Heart Of America Caller's School** presents a uniquely knowledgeable and experienced staff in a training program custom tailored to meet the needs of today's working caller. The school offers the complete CALLERLAB curriculum, and provides in-depth emphasis in the areas of the Methods and Mechanics of Choreographic Control, Singing Call Techniques, Use of Music, Timing, Presentation Techniques, Smooth Dancing, Modules, and Sight Resolution. Special emphasis will be placed on effective teaching and workshop skills.

The program combines expert classroom presentations by the staff and plenty of "on mike" time for each student. All student exercises are supervised by the staff and are designed to provide each student with personalized guidance and constructive counseling. We take pride in providing quality instruction for the new, or beginning caller. We also provide training and exercises designed to enhance the knowledge of those callers wishing to expand their current level of expertise. Whether you are experienced or just starting out, the instruction will be tailored for each student, at their level of experience. The **Heart Of America Caller's School** is for **YOU**. **Enrollment is limited, so please register early.**

The cost of the school will be \$325.00 per student. There is no additional charge for partners, and they are encouraged to attend. Tuition covers the full cost of the program and the printed syllabus. There is a \$50.00 discount for those callers having previously attended a **Heart Of America Caller's School**. The fee does not include lodging or meals. Upon receipt of your application and a \$50.00 deposit (fully refundable before May 15, 2012), you will be provided with information as to what to wear, the daily schedule, directions to the facility, and lodging. Information will also be provided regarding what to bring, and how to prepare in order to get the most out of the school.

## ***The Staff:***

### **Paul Henze**

Paul Henze has been calling since 1979. He is also an accredited CALLERLAB coach, and has traveled to many places sharing his skills teaching new and experienced callers. In addition to being on staff for various schools, he has taught CALLERLAB seminars at the National Conventions for 16 years.

Paul is a CALLERLAB member, and currently serves as the Chairman of the Caller-Coach Committee. He is also very experienced in leading and promoting Western Fun Nights (where working with new dancers is so important). Paul truly loves working with all caller training school students, but especially those just starting into calling, sharing whatever knowledge he can pass on.

### **Tim Marriner**

Tim started calling in November of 1973. In October of 1987, he decided to devote all his energies toward calling square dances as a full-time profession. He tours extensively across the United States, and overseas in Australia, Japan, Canada, Europe, and England. He is a staff member of various resorts, and currently records for ESP Records.

Tim is a member of the Metrolina Callers and Cuers Assoc., an Accredited member of CALLERLAB, a member of the Board member, and the Executive Committee. He is the incoming Chairman of that organization beginning in April, 2010. He is also an Accredited CALLERLAB coach. Tim is not just a caller, he is an entertainer. His enthusiasm is overflowing. When he is near your area....don't miss him!!!

### **Jerry Junck**

Jerry Junck has been calling since 1966. He is a full-time caller, and a recording artist for several labels. He has been the featured caller at many festivals and weekends throughout the United States and Canada. Jerry conducts a full winter square dance program in Mesa, Arizona, and travels extensively throughout the summer months.

A member of CALLERLAB since 1976, he is a past Chairman of the organization, and an accredited CALLERLAB coach. Jerry firmly believes in the development of new callers, and the continuing education of established callers. He is known for his smooth calling style, and believes that dancing should be fun.
